Dear Shri.Vineet Joshi ji,

The National Commission for Women, Government of India is in receipt of a representations regarding the recent unfortunate clashes amongst the communities in Manipur which has resulted in lost of several lives and property while many have been displaced. Since women are the most adversely affected in situations of crisis, it becomes extremely pivotal that safety and security of women is ensured. (copy enclosed)

The Commission being the apex Statutory Body to work for women empowerment in the country deems itself duty-bound to propose certain interventions in the light of its mandate

Hence, it is extremely pertinent to respect the dignity and fundamental rights of all women and girls by ensuring food, safety, shelter and healthcare including distribution of sanitary napkins and special provision for lactating women in temporary shelters. In addition, a mechanism needs to be in place for quick response to the incidences of violence and harassment of women.

Keeping in view the urgency and significance of the matter, I am forwarding herewith the representation requesting the State Government for immediate support to the affected women and take appropriate action in this regard.

Yours sincerely,

(Rekha Sharma)
